POETRY & SONGS Valdemar Kalinin  (17:00 – 17:30)	<p>Following the feedback from previous conferences &amp; residentials, it was felt by all that open discussion was of huge importance. This is why the programme has been laid out to accommodate this. The open discussion sessions will be based around an informal panel where delegates are invited to share their views and experiences.</p> <p>There will also be 3 rooms available where additional activities can take place or where perhaps more personal discussions can take place around things such as health &amp; DV.</p> <p style="text-align: center;">~~~~~</p> <p>Day one will be a very relaxed &amp; informal day, allowing for plenty of networking &amp; demonstrations from Community members, with entertainment leading us into the evening.</p> <p>Day two will be used for open discussions; Community members are welcome to raise issues which are affecting them in their areas.</p>
